

IISER Kolkata and Batoi Partner to Enhance Education Through Innovative Learning Platform

Bhubaneswar, India – June 26, 2023—The Indian Institute of Science Education and Research (IISER) Kolkata has partnered with Batoi, a leading software development automation company, to revolutionize its educational programs. This collaboration will leverage Batoi's cutting-edge Academy Platform to deliver courses, hackathons, workshops, and internships, focusing on digital technologies and software development using the Rapid Application Development (RAD) framework.

The Batoi Academy Platform offers a flexible and engaging learning experience, accommodating online, in-person, and hybrid program delivery. Its advanced Learning Management System (LMS) streamlines content delivery, evaluation, and collaboration, fostering a dynamic and interactive learning environment.

Through the platform, IISER Kolkata students can engage with coordinators, experts, and peers, receiving invaluable guidance and support throughout their learning journey. The platform's comprehensive testing capabilities, including multiple-choice questions, assignments, and project work, will provide a well-rounded assessment approach. Custom ranking parameters will further drive healthy competition and motivation among participants.

"We are delighted to partner with IISER Kolkata," said Mr. Ashwini Kumar Rath, CEO of Batoi. "By combining our technological expertise with their educational expertise, we aim to create a transformative learning environment that prepares students for future challenges."

About IISER Kolkata

Indian Institute of Science Education and Research (IISER) Kolkata is a leading autonomous institution dedicated to scientific education and research. Known for its academic excellence and research contributions, IISER Kolkata is committed to fostering scientific inquiry and nurturing the next generation of scientific leaders. With its focus on interdisciplinary studies, IISER Kolkata offers undergraduate, postgraduate, and doctoral programs in various scientific disciplines.
