

Innovation Partnership Program

**Empowering Institutions to Lead in Digital Innovation and Foster
Entrepreneurial Success**

batoi.com/partners/innovation

Introduction

Batoi Innovation Partnership Program is designed for educational institutions, incubators, and accelerators to foster skill development, research, and innovation. Join us to access tools, platforms, and mentorship to drive digital transformation.

Program Benefits

Access to Platforms and Tools

Set up fully equipped **Batoi Labs** to provide hands-on experience in **Cloud Computing, AI, Cybersecurity, DevSecOps, Quantum Computing, and Blockchain.**

Access subsidized product licenses for tools like **Batoi RAD, Batoi Insight**, and others for research and development.

Mentorship and Support

Benefit from industry experts through dedicated mentorship programs, training workshops, and exclusive events designed for innovation partners.

Exclusive Opportunities

Joint Research and Development

Collaborate with Batoi on research projects to develop innovative solutions for the digital world.

Work on **publications, white papers,** and **case studies** showcasing achievements in digital innovation, including areas like **Quantum Computing** and **Blockchain**.

Innovation Competitions and Grants

Participate in competitions to develop solutions using Batoi's tools.

Access special grants for research projects aligned with Batoi's vision, particularly in emerging technologies like **Quantum Computing** and **Blockchain**.

Why Partner with Batoi?

For Academic Institutions

- **Enhance Learning**
Empower students with real-world experience using emerging digital technologies.
- **Foster Innovation**
Enable research in **AI, Blockchain, Quantum Computing**, and **Cybersecurity**.
- **Faculty Development**
Access exclusive certifications and continuous development opportunities.

For Incubation Centers

- **Product Development**
Support startups with tools to build, test, and deploy digital products.
- **Mentorship and Guidance**
Receive mentorship in **DevSecOps, AI, Quantum Computing, Blockchain**, and digital transformation.

How to Become a Partner

Apply Online

Submit your institution's details and digital vision.

Discuss Partnership Scope

Define specific needs like labs, licenses, or joint projects.

Receive Tools & Resources

Get the tools and support needed to innovate.

Start Innovating

Set up labs, participate in competitions, and embark on collaborative research.

Success Stories

Collaboration with students and faculty members of two leading educational institutions in India for cloud computing solutions for SMEs, leading to new product ideas and journal publications.

Case Study 1

Partnership with IISER Kolkata on Quantum Weak Measurement Devices, creating prototypes for advanced sensing.

Case Study 2

Blockchain-based **KYC management project** with an incubation center, enhancing transparency and security in identity verification processes.

Case Study 3

Start Your Journey with Batoi

Join the Batoi Innovation Partnership Program Today!

Be part of a global network driving digital transformation. Set up [Batoi Labs](#), access training and certifications, and collaborate on cutting-edge research in **Quantum Computing**, **AI**, **Blockchain**, and other emerging fields.
