# The Agriculture and Food Services Industry Landscape

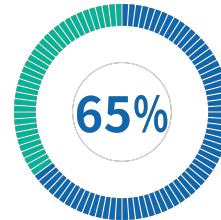

---

Transforming Agriculture with Smart Technology

The global smart agriculture market is projected to reach **\$25 billion by 2025**

**65%** of farmers are investing in digital solutions to enhance productivity and sustainability

# Key Challenges in Agriculture and Food Services

---

Addressing Productivity, Resource Management, and Supply Chain Visibility

Increasing productivity while managing costs and limited resources

Reducing water usage and optimizing resource allocation

Ensuring supply chain visibility from farm to table

# Delivering Results That Matter

---

Measurable Success in Agriculture and Food Services

30%

**30% Increase in Crop Yields:**  
Data-driven insights lead to optimized resource usage

25%

**25% Reduction in Water Usage:** Smart irrigation systems improve resource efficiency

40%

**40% Improvement in Supply Chain Visibility:** Digital tracking tools enhance produce management

# Our Capabilities

---

## Optimizing Agricultural Productivity & Supply Chain Management

### Precision Farming

Use data analytics to make informed decisions about planting, watering, and harvesting

### Supply Chain Management

Gain end-to-end visibility to ensure efficiency from farm to table

### Resource Optimization

Implement smart irrigation and monitoring systems to reduce water and energy use

### Secure Data Management

Protect sensitive crop performance and food production data

# Batoi Products for Agriculture and Food Services

---

Tools to Optimize Agriculture and Food Production

## **Batoi RAD**

Develop custom applications tailored to specific agricultural workflows and requirements

## **Batoi Insight**

Analyze fields, livestock, and supply chain data to drive informed decision-making

## **Batoi Ledger**

Manage operational costs, procurement, and improve efficiency across the agricultural processes

## **Batoi Loop**

Enable secure communication between farmers, suppliers, and distributors

## **Batoi Bridge**

Facilitate collaboration between agricultural stakeholders, including producers, suppliers, and regulatory agencies

# How Batoi Stands Out

---

Why Choose Batoi for Agriculture and Food Services?

1

Comprehensive precision farming and resource optimization tools

2

Custom applications developed with **Batoi RAD** for specific farming needs

3

Secure communication and collaboration with **Batoi Loop** and **Batoi Bridge**

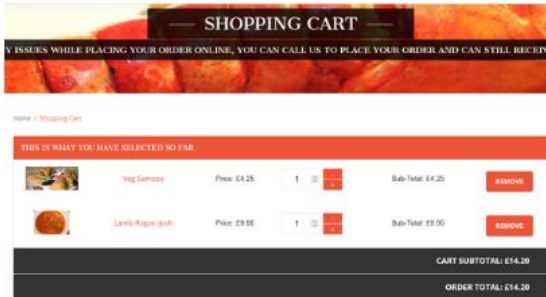

4

Data-driven insights for enhanced productivity and sustainability
